BILLIARDS.

Hoppe, Still in Fine Form, Runs Away From Cutler.

Willie Hoppe did some more fine work last night in his match with Albert Cutler which is now in progress at the Knickerbocker Billiard Academy, Fulton street, Brooklyn. Hoppe is playing in much better form than Cutler, and he is expected to win the match.

Hoppe showed consistent work last night and made his 300 points in fifteen innings, averaging 20. This is not quite as good as he did the two previous nights when he ran out each time in thirteen innings, but his work was of a high order and those who witnessed it were well pleased. As usual he started off rather slowly, but when he got warmed up he scored fast and made some brilliant runs.

Cutler, who after Thursday night's play was 274 behind in the grand total, started off wonderfully, but after he had made 117 in five innings he went to pieces. He lost all control of the balls and could not score more than 100 points in the next five innings. Hoppe, on the other hand, was in his element and he scored fast and made some brilliant runs.

Hoppe began the play with a run of 7 and then Cutler took advantage of a good shot and scored 100 points. Hoppe, however, was not to be outdone and he scored 100 points in the next five innings. Hoppe, on the other hand, was in his element and he scored fast and made some brilliant runs.
